

## Experienced Commercial Technician

Harbour Door Services has been serving Victoria and the surrounding area as a family-run business since 1986, providing sales and service of overhead doors, electric door operators and residential and commercial gate systems. Our small staff of dynamic employees works together within a team-oriented environment to exceed the expectations of our customers.

Our track record of success attracted the attention of Dakwakada Capital Investments LP (DCI), which purchased Harbour Door Services in 2022, further strengthening its presence in the overhead door sector, which includes several overhead door companies in Kelowna, BC and Whitehorse, Yukon. DCI is a privately First Nations-owned investment firm in Whitehorse, Yukon that holds and manages most investment and business assets of the Champagne and Aishihik First Nations (CAFN).

### Key Responsibilities:

- Installation, repair and maintenance of overhead/rolling doors and driveway gate systems.

### What We Offer:

- This position is permanent full-time, Monday to Friday, with a competitive hourly wage of \$35 - \$50/hr to start, dependent on experience, and access to a benefit package after a successful three month probationary period.
- Full training will be provided.
- Overtime and advancement opportunities are available.
- Specialized fully equipped vehicle to take home each day.
- Gas card, cell phone allowance and company branded clothing are provided.
- We offer paid training courses for welding and low voltage electricity if required to enhance job performance, and are supportive of Industry Certification Programs.

### Requirements:

- High School Diploma or GED.
- Valid Class 5 Drivers License and a clean driver's abstract.
- Minimum of 2 years experience working as an Overhead Door Technician, including experience with Parkade Gates, Operators, Rolling Doors, and Sectional Doors. Gate Operator experience is an asset.
- Physically fit and able to lift a minimum of 50 pounds.
- Comfortable working at heights (ladders and lifts are sometimes utilized).
- Ability to operate forklift and scissor lifts.
- Solid welding experience and competence.
- Experience with electrical control wiring.
- General construction knowledge, including experience with power and hand tools.
- Positive attitude with the motivation and the willingness to learn.
- Ability to work independently and as part of a team.
- Great communication and organizational skills, strong attention to detail
- Ability to always represent Harbour Door in a positive manner, maintaining a professional tone and approach to both verbal and written communications.

As a 100% First Nation-owned business, we strongly encourage submissions from qualified First Nation Citizens.

While we thank and appreciate all applicants, only those selected for an interview will be contacted.

*No phone calls or agencies, please.*
